

Brasfield & Gorrie – National EIC Eagle Winner Completes Major Healthplex

With only 50 percent of the design documents complete, Brasfield & Gorrie Construction completed the 85,000 square-foot WakeMed Apex Healthplex in Apex, NC six weeks early. Construction included a helipad and emergency room.

One of the leading construction companies in the Southeast, Brasfield & Gorrie builds high rises and hotels, bridges and churches, hospitals and malls. Other projects include industrial plants, water and wastewater treatment facilities and schools.

Commercial and industrial construction together account for most of its revenues; the company is a leading health care facilities contractor. Brasfield & Gorrie provides general contracting, design/build, and construction management services.

In Raleigh, Brasfield & Gorrie is located at 3700 Glenwood Avenue, Suite 300. Contact person is Mark Jones, 919.810.0645.

They are the newest Corporate member of the United Minority Contractors of North Carolina, a minority construction and construction-related trade association.
